Youth Charged In Horton Death

James Evans Davis, 19, Brady youth indicted in connection with the auto death of singer Johnny Horton, has posted $2,500 bond in Milam District Court.

The Texas A & M student was indicted last week on charges of murder without malice by a Milam District Grand Jury.

Vehicles driven by Davis and the deceased recording star, Horton, collided about 1:30 a. m. November 5 on a railroad overpass at Milano.

Davis' indictment was one of 17 returned last week by the Milam Grand Jury which completed its findings in one day.

Young Davis escaped death in the two - car crash, but suffered a broken ankle and numerous cuts and bruises. Horton's agent and guitar accompanist also escaped death. Tilman Franks, 49, and Gerald Tomlinson, 30, were riding with Horton when the crash occurred.

Cadillac Demolished

Horton's Cadillac was totally demolished. It was brought into Cameron and attracted hundreds of onlookers.

Horton was famous for his record rendition of "Battle of New Orleans."

Maximum sentence for conviction on a murder without malice charge is five years. County Atty. Jack Prescott said the murder without malice indictment is the most serious that could have been returned in the case.

State Highway Patrolmen Jack Straley and Gilbert Smith had been investigating circumstances of the wreck for some time. They held up filing charges until the Grand Jury session was convened.

The February Grand Jury session produced 16 other indictments.

16 Other Indictments

An indictment for assault with intent to murder was returned against Alex Brown, Ft. Hood soldier, in connection with an assault on another Ft. Hood soldier, John Shepherd, December 10, 1960, in Cameron.

Robbery by assault indictments were returned against five Taylor area youths in connection with the robbing and beating of Walter Wuensche, Thorndale store owner, January 12.

Wuensche was beaten and his grocery store - tavern was robbed of some beer. Indicted were Cruz Alderete Jr., Juan Rodriquez Salvador Robles, Chancho Ortiz and Isaias Alderete.

Another quintet of youths was indicted on a burglary count in a charge of venue case. They were charged with the burglary of 800 pounds of pecans from a Rogers barn.

Indictments were returned against James Edgar Perry, Columbus Perry, Clarence Oliver Winters, Herbert Lee Schnider and Othie Seaton, Jr.

Indictments On J. T. Gates

J. T. Gates was indicted on two counts of burglary in connection with robberies of two stores in Cameron in October.

Lonceree McGowan, of Milano, was indicted on a charge of auto theft in Cameron in July 1960.

A breaking and entering indictment was returned against Antonio Reyes Amaya in connection with a burglary in a Cameron service station January 5.

C. L. Green, of Winters, was indicted on a hot check charge. The indictment charges that Green negotiated a bad check in the amount of $690.60 to Wilson Mill & Elevator Corp., Cameron.

Grand jurors were: C. R. Criswell, foreman, Buckholts; Jimmy M. Wiggs, secretary, Cameron; John C. Hirt, Rockdale, Gus Elley, Cameron; Frank Brandon, Rockdale, O. B. Harden, Cameron; Resse Ashley, Milano; H. M. Yager, Maysfield; Hugo McMillan, Thorndale; Nelson Davis, Sharp; William J. Crenan, Burlington; and J. H. Pritchard, Thorndale.

BOB CAT — Ivan Vogelsang holds one of the four bobcats caught by trapper Clifford Morgan in the past two weeks on the Vogelsang Turkey Ranch near Marlow. Morgan has been employed by the county in its trapping program since September, 1960 and has caught, in addition to the four bobcats, 28 wolves. The animals had destroyed livestock and turkeys in the area.

C. M. Burke Heads City Country Club; Committees Named

Charlie Burke has been elected president of the Cameron Country Club, the board of directors announced this week.

Dr. George Bowman, outgoing president, is vice - president, Albert Collins secretary, and Jack DuBois treasurer.

Directors for the 1961 year are: Dr. C. G. Swift, Henry Siebman, Lee Marek, W. C. Wallace, Earl Curtis and James Wiggs.

Committee appointments included:

Greens Committee - Chairman Lee Marek, Jr., Jimmy Jones, Ed Manning and Mrs. Berniece Lester.

Tournaments -- Chairman Dr. C. G. Swift, W. C. Wallace, A. A. Goehler, Dr. Gus Evans and Mrs. Ed Manning.

House Committee - Chairman Hilliard Thomas, Morris Eplen, Donald Glass and Mrs. John A. Smith, Jr.

Activities -- Chairman John B. Henderson, Jr., Mrs. E. O. Smith, Jr., Wilmer Alewine, Mrs. Niley J. Smith, Jr., Dwight Moody and Mrs. John Davis.

Swimming Pool Committee -- Chairman Dr. George Bowman, M. C. Ponder Mrs. Dana Monroe and Mrs. E. L. Wied.

Lake Committee -- Chairman Frank Perrin, Earl C. Burke, O. B. Harden and Don G. Humble.

Membership and Finance -- Chairman Henry Siebman, Earl Curtis, James Wiggs, Hal Franklin, Rockdale; John A. Tarver, Rosebud and E. E. Darby, Caldwell.

School Gives City Library Building

The Cameron School Board Thursday voted to give the city the present west wing of the old GI Building and approved a new system of awards for Yoe High School athletes.

Meeting with Mayor Coleman Duncum, the board voted to give the present library wing to the city as a step toward improvement in library facilities in Cameron.

Duncum said the city then would have 'something available if we can't do something better."

But he indicated that a building program for a new library at a new site was likely to develop.

Accompanying the mayor were Miss Mildred Thornton, Mrs. Merlin Lester and Mrs. Alvin Dusek, members of the Cameron Delphian Club.

The board also approved an athletic award policy which would limit the granting of one athletic jacket per year to a YHS athlete based upon a point system.

The new system would allow 4 points for football, 2 points each for basketball, track and B-team football, and 1 point for baseball, golf and tennis.

Head Coach Bill Bates said the plan would make the award more meaningful and encourage participation in more than one sport since it classifies sports by the amount of time spent in practice and playing season.

Board members also discussed a lease of the Milam Institute grounds with Bassel Wilson, president of Cameron Little League, who sought a deed to the property to the CLLA. The school board voted to grant the lease to the city which will then lease the field to the Cameron Little League.

In other action, the board approved low bids from five different equipment firms for $2,662 for football equipment for 1961. It was about $1,600 less than 1960.

Five recommendations from the Cameron faculty textbook committee for books were approved by the board. The textbook committee met with the Milam organization January 12 to review a show-

Five Sentenced On Guilty Pleas In District Court

Justice ..... from grand jury indictment to pleas of guilty ..... was speedy for five men who went before District Judge W. C. Wallace Friday.

Following a grand jury session two days before that saw 17 indictments returned, these three cases were processed in Milam District Court:

J. T. Gates, of Gause, entered a plea of guilty to charges of burglarizing the Cameron Safeway Store October 14 and Irving's Dept Store October 16. He was sentenced to two concurrent three-year terms at the State Penitentiary, Huntsville.

Lonceree McGowan, Milano, entered a plea of guilty to a charge of automobile theft in July, 1960, in Cameron. He drew a two-year sentence to the penitentiary.

Clarence Oliver Winters, Herbert Lee Schnider and Othie Seaton, Jr., entered pleas of guilty to taking 800 pounds of pecans from a barn at Rogers. The three youths, received two - year sentences which were probated during good behavior upon condition of making restitution of the pecans taken.

Two other youths, James Edgar Perry and Columbus Perry, were indicted in the February session of the Milam Grand Jury in connection with the incident.

The case was brought before the Milam grand jury on a charge of venue from Bell County. The barn is owned by Stanley Kacir, Bell County district attorney.

The three cases were presented before District Judge Wallace by County Atty. Jack Prescott. It was the first session of District criminal court in 1961.

Scout-O-Rama Planned Here For Tejas Area

The big Tejas District Scout Show, Scout - O - Rama, will be held at the Cameron National Guard Armory March 11, according to R. R. Sugg, district chairman.

Judge W. C. Wallace, Chairman of the District camping and activities committee, has selected The Rev. Alfred Kallus as chairman, and Charlie Burke as co - chairman. Other committee members are: H. D. Maxwell, attendance; John Henderson, participation; Bassel Wilson, finance; James Terry, physical arrangements; Gene Smitherman, publicity; W. C. Wallace, reception; Hilliard Thomas, awards; F. G. Blake, concessions; Charles Taylor, program and Dr. H. B. Halbert, first aid.

Scouts will begin on February 15 to sell tickets for the Scout-O-Rama. Only Scouts will be selling tickets. Money earned on the Scout - O - Rama is used for maintenance and improvement of Camp Tahuaya-Boy Scout Camp located on the Lampasas River near Belton.

Bowling Association Plans Tournament

The Cameron Bowling Association will hold its first annual tournament, February 11-12 and 18 - 19 at Cameron Bowling Lanes.

There will be team, doubles, singles and All - Events and contests in the tournament.

The tournament will include both men's leagues, the Tri - City and the Maple.

Anyone wishing to take part should contact Henry Schattle or Lanes manager, Doc Speer, officials said.

Plans Underway For New Library

★ ☆ ★ ☆ ★

Library Group Views City Need

The Cameron Library Board last week studied library facilities of nearby Rosebud and set a meeting date with a Texas library official for plans for a new facility in Cameron.

Since that meeting, the Cameron School board voted to give the present library wing to the city and the City Council has set aside the east side of the E. Fourth St. city park (south side) for a library location.

The board also reported that the Cameron Public Library had $639.42 in funds as of January 1.

Mrs. W. O. Triggs, chairman of the book committee, reported that the present library has 2771 books. The report showed 214 books have been added during 1960, including 75 children's books.

The Cameron Public Library has been operating on funds given through the North Milam United Fund and donations including $50 from the Pleasure & Profit Club, of Cameron.

Mrs. Triggs noted that 139 books were given to the library by contributors during the past year. Cited were best sellers: "Exodus" by Leon Uris, "Rise and Fall of the Third Reich" by William Shirer and "Dr. Zhivago" by Boris Pasternak.

Members of the board visited the Rosebud library last week and studied the construction and method of operation used there.

Current library operation hours are: 2:30 p. m. to 5:30 p. m. Tuesday through Saturday, and from 8:30 a. m. to 11:30 a. m. and 2:30 to 5:30 p. m. Saturday.

Board members attending the meeting were: Dr. George Bowman, president; Judge W. C. Wallace, vice-president; Mrs. Triggs, book committee chairman; Oxsheer Smith, treasurer; and Mrs. John B. Henderson, secretary.

Librarian is Mrs. Tom Wardlaw.

City Approves Fourth St. Site; Expert To Advise

The public has been invited to a meeting next Thursday of the Cameron Library Board and William K. Peace, acting state librarian, in a discussion of library needs in Cameron.

The 7:30 p. m. February 16 meeting at Citizens National Meeting Room is the culmination of a fast developing movement to build or vastly improve Cameron Library facilities at a new site.

Dr. George Bowman, president of the Cameron Public Library Board, told The Herald that Peace acting state librarian of the Texas State Library, will bring information on a library building and sources of revenue 'helpful in achieving a new library building in Cameron."

In quick succession, the following events have developed in bringing Cameron closer to a new library:

--Tuesday night the City Council voted to set aside the east side of city park property located on the south side of US 77(E. Fourth St.) for construction of a library.

--Last Thursday the Cameron School Board voted to give the west wing of the old GI Building, now the library and belonging to the school, to the city. Their action followed a request from Mayor Coleman Duncum who indicated the aquisition was merely insurance in the event of difficulty in building a new library.

--Last week the Cameron Public Library Board met to discuss possibility of moving the library to a new location they visited the library bud and studied its construction and operation.

--Members of the Cameron Delphian Club assured public interest in improving Cameron's library facilities.

--Representatives of the Civic Garden Club told the School Board that application for $250 in a Sears grant could be made for beautification of the grounds of a new library site.

Library board members Judge W. C. Wallace, Oxsheer Smith and Dr. Bowman met with the City Council Tuesday night, making the request for park site on E. Fourth St.

Judge Wallace told councilmen that the board planned to develop a program to improve present library facilities, but needed a site to either put the present building, in improved form, or build a new library where people could see it. The present site is at Cameron Field, once the Milam Institute Grounds in mid-Cameron.

Smith said the site on E. Fourth St. was bought by the city years ago for the purpose of a public park or library or similar project.

Councilman Richard Moseley moved to set aside the east half of the park for a period of two years for building a library and moving the present structure to the site with Council approval. The city retains possession of the property.

The Council voted unanimously for the motion.

Dr. Bowman told The Herald that an effort will be made to carry through for the construction of a new building at the new site.

On April 4

City Election Set

The City Council Tuesday approved a call for election of three councilmen in the annual City Election Tuesday, April 4.

It is the same date for the special state election in which one of about 20 candidates will be elected for U. S. Senator.

Councilmen named B. J. Matocha election judge.

The group also heard a request from three members of the Cameron Public Library Board for the city to set aside the east half of the city park, south side of U. S. 77, for a library site.

Unanimous approval of the motion included a stipulation that the site be available for two years and that the City would maintain ownership of the land.

In other action the Council heard a presentation by R. A. Gillette, of Temple, who seeks to build a mausoleum in Oak Hill Cemetery. They tabled the plan for further study.

Gillette proposed that a hill-side type structure of about 40 feet in size be constructed.

And the Council approved erection of signs advising trucks not to park along US 77 from Fannin to Travis Sts. on both sides of the street (E. Fourth St.) Police Chief Elvin Hoskins asked the measure to be approved for safety at intersections.

Also approved were some bills including about $400 for auditing city books.

County Fires Burn Grass, 1 Pickup

The Cameron Volunteer Fire Department answered two calls the past week. Both occurred Friday and both were out of town.

The first was about 4 p. m. A grass fire on the George Fisher farm on the Milano Highway was put out before it could cause any damage.

Friday evening the department was called out to the Ernest Dodd farm where a Butane tank had caught fire. It destroyed a pickup and the tires of two tractors.

Newberry Will Speak

MFB To Cite 11th Year

Warren Newberry, organization assistant of the American Farm Bureau's South Region, will be the main speaker at the Milam Farm Bureau's 11th anniversary February 16.

The celebration will begin with a covered dish supper 6 p. m. Thursday, February 16, at the First Methodist Fellowship Hall, Cameron.

County 4-H members and other county young people will present entertainment during the evening.

Newberry's talk will be on "Policy Development and Policy Execution in Farm Bureau Organization."

The native Oklahoman joined the staff of the American Farm Bureau Federation in 1953 and was promoted to his present post in 1956. He was president of the Oklahoma Junior Farm Bureau prior to joining the AFBF.

Mrs. S. W. McClaren, Jr., program chairman and her committee are planning the special program.

The MFB swine committee will announce two winners of the MFB swine program which each year gives away a gilt and a pig. The program requires records be kept of the animals' progress and record in Milam County shows.

Contestants should inquire about swine program agreements at the Milam Farm Bureau office, Cameron, to complete the necessary forms, officials said.

WARREN NEWBERRY
. . . Farm Bureau Speaker

The Milam Farm Bureau's 11th annual celebration will mark the beginning of the 10th year for William F. Arthur as service agent for MFB. And Mrs. Lenora Bickett joined the staff in December, 1952, as office secretary and treasurer.

The MFB organization now has 1188 members, making it one of the largest county farm groups in Texas.

V. Angell is now serving as president. Past presidents include S. W. McClaren, Jr., Dennis Klein, John A. Smith, and O. G. Tumlinson.

Current members of the board of directors are: Charles E. Hensley, first vice president; Mrs. S. W. McClaren, second vice president; directors Henry W. Abel, W. A. Conn, William Crenan, Charlie Duncan, R. W. Ellison, Edwin Fischer, Landy Felfe, Robert Jungmann, Ed Miller, H. L. McClaren, Leon Noack, Preston Perry, John A. Smith, F. H. Scarborough, A. T. Swanzy, Albert Slovak, O. G. Tumlinson, H. M. Yager and Joe Zajicek.

Mrs. Lucinda Wilson Buried At Friendship

Funeral services were held 2 p. m. Tuesday at the Central Church of Christ for Mrs. Lucinda Wilson who died February 5 in San Antonio. Services were conducted by Mr. Don Frazier and burial was in Friendship Cemetery.

Mrs. Wilson, age 75, had resided at 707 N. Central before her death.

Survivors are her daughter, Mrs. Flora Wilson Wyngate, Baton Rouge La. and Mrs. Hazel Wilson Davis of Temple; two sons William T. Wilson, San Antonio and Joseph Benton Wilson of Temple; one brother, Henry McCormick of Friendship; two sisters, Mrs. Rebecca McCormick Countler, Rogers and Mrs. Amy McCormick McGregor of Milano; eleven grandchildren and one graat grandchild.

CYO Record Hop

The Cameron CYO will sponsor a public record hop at the Simon-George Hall this Friday, Feb. 10th at 8 p. m. according to James Barta, President.

Admission to the hop will be 25 cents per person.

Group Kills 97 More Rattlers

Another den of rattlers, 47, this time, met their doom at the hands of seven Walkers Creek residents who discovered them.

And it was 97 rattlers, some as long as 6 feet, in all for the past week in the Walkers Creek area.

The den was located on the H. H. Chamberlain farm. Neighbors of the Chamberlains joined in the kill that got the 47 snakes, apparently in their den hibernating for the winter.

Total rattlers killed during the past few weeks in Milam County exceeded the 500 mark, by conservative estimates.

How do you kill so many rattlers at one time? The Herald has asked of the men who take on the job.

And here is the answer:

You take a garden hose, run it down into the snake hole or den. Then you squirt gasoline into the den through the hose.

This brings the snakes to surface, where one by one, they are hooked by the head with a wire and shot or beaten to death.

Even though the snakes are lethargic, they ought to be considered dangerous, outdoorsmen point out.

Seven Walkers Creek residents applied their technic to good effort last week. Those participating were: A. L. Kennon, Charlie Roschetzky, Jess Hickman, L. C. Boyd, David Krenel, Luther Todd and Chamberlain.

Services Held For J. Duncan Williams

Funeral services for J. Duncan Williams were held Tuesday in Melbourne, Florida.

He died following a heart attack at his home Thursday.

Williams was born at Duncan, now in the Sharp community.

Survivors include his wife; four sons; a daughter; and a sister, Mrs. Hicks Garner of Sharp.

CAMERON And MILAM COUNTY General News

College Students Told Of Income Tax Obligations

In a special release today, college students were reminded by the Internal Revenue Service of several considerations in meeting their Federal income tax obligations.

R. L. Phinney, District Director of Internal Revenue at Austin, issued the following statement to clarify certain misunderstandings:

1. Students earning $600 or more during 1960 are required to file an income tax return. This is so even where the student is claimed as a dependent by his parents.

2. Students having incomes of less than $600 during 1960 and who have had income tax withheld, should file a return to get these taxes refunded.

3. A single student filing a return should claim one exemption for himself, even if he is also claimed by his parents as a dependent.

4. In a community property state, such as Texas, the total combined income of husband and wife is considered one-half attributable to each. Thus, married persons, including students, may elect to file a joint return by combining their total incomes; or separate returns with each reporting exactly one - half of the combined income.

5. Married students who file joint returns and who are furnished their chief support by their parents cannot be claimed as dependents by their parents.

Phinney added that students or parents of students having questions in these matters should telephone or visit their local Internal Revenue Service office.

February-March Renewal Time For License Plates

AUSTIN — February - March is the renewal period for motor vehicle license plates in Texas, announced State Highway Engineer D. C. Greer today.

Texans will notice a newly designed license plate for 1961. A different style of letters and numerals have been used to make the plate more readable from a distance. Black letters and numberals on a white background is the color scheme for 1961.

A new numbering system will be used for some classifications such as trailers, truck tractors and buses. These classifications will have a one - letter prefix with from two - to - five digit numerals. For example: A trailer number could be A-10 or A-12345. The numbering system for other classifications will remain the same as 1960. The change in the system was brought about by the ever increasing number of registered vehicles in Texas.

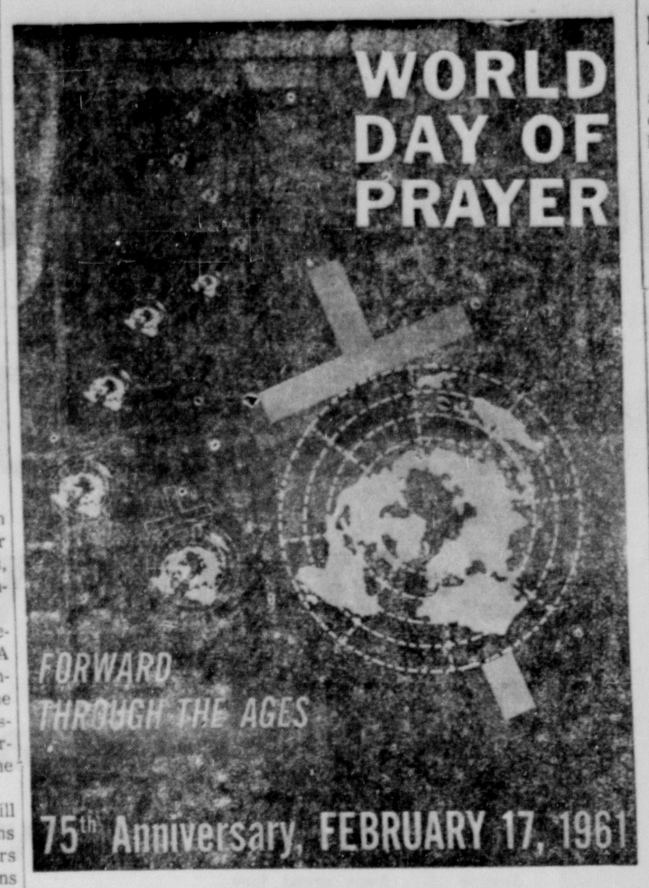
The Texas Highway Department estimated that vehicle registration in Texas for 1960 will total 4,800,000. This places Texas third in the nation in registered vehicles following California and New York.

Two Milam TU Youths Receive MS Degrees

Two Milam Countians were among 127 University of Texas students receiving degrees at the close of the 1960 - 61 Fall Semester, Graduate Dean W. Gordon Whaley announced recently.

Lionel Daniel Provazek, 406 E. 12th St., received a master of Science in Electrical Engineering Degree at the graduation exercise.

Carroll William Boecker, Rt. 2, Buckholts, received a Masters Degree of Science in Merchanical Engineering.



Church Women Set 75th Prayer Day

Seventy - five means many things to many people: - the answer to an arithmetic problem; the price of a movie; the coins that must somehow suffice to buy the day's food; a street number; a diamond annivesary; age - old, to some minds, perhaps, or maybe to others just the height of fulfillment of the years.

Seventy - five, to millions of people in 1961 means the multuplied faith and devotion of countless women. For 1961 is the seventy - fifth annivesary of the World Day of Prayer.

In Cameron services will be held at All Saints Episcopal Church at 3 p. m. The Rev. Gordon Gudger will be the principal speaker. Local chairman of World Day of Prayer is Mrs. James H. Kahler.

In America more than 22,000 communities hold special services. Millions of men, women and children will join in the same prayer of thanksgiving, repentance and appeal for a peaceful world that is being voiced simultaneously in Europe, Asia, Africa and Latin America.

The act of prayer is as old as man himself and man's belief in power as enduring as the chain of life upon this planet. The power of prayer is known to millions with abiding devotion and faith. The eagerness of people today to band together and act collectively for multiplying their strength is reflected in their effort to pray together across the vast geographical distances between them.

World Day of Prayer, sponsored in the U. S. by United Church Women of the National Council of Churches, carries with it a potential force worthy of the nuclear age in which we live.

Marine Corps New Program Popular

M. G. Barrow, Marine Recruiter announced today that the Leatherneck's 120 - Day delay program has proved very popular with young Texans from this area.

Under the "120 - Day Delay" program, a man or woman enlists and then has the option of choosing the date he wishes to begin active duty anytime up to four months later.

"This allows the applicant to know that he has been accepted for the Marine Corps and provides time for him to wind up his personal affairs," Sgt. Barrow said.

Sgt. Barrow, who visits Cameron every Second Thursday at the Post Office, pointed out that many recent high school graduates have chosen the "120 - Day Delay" program in conjunction with the Corps' "Buddy System" that guarantees friends enlisting together receiving their recruit and advanced training in the same unit.

INTRODUCING

Mr. and Mrs. Lawrence Kostroun of Temple, announce the arrival of a boy, weighing 5 lbs and 11 ounces, born Feb. 5 at Scott and White Hospital in Temple. He has been named Lawrence John.

Grandparents are Mr. and Mrs. Otto Mayer of Rosebud and Mr. and Mrs. Joe Kostroun of Marak.

Hays Explains General Delivery Purposes, Uses

"Efficient general delivery service can be given by post offices only if the public clearly understands the limitations of such service," Postmaster J. R. Hays explained today. "One can imagine the confusion in a large post office if thousands of people were calling at its general delivery window each day to receive their mail." he stated.

General delivery service is designed primarily for the use of patrons at offices not having carrier delivery service. Mail bearing as a part of its address "Transient," "To Be Called For," "General Delivery," or other similar words, is placed in the general delivery case to be delivered to the addressee upon his application per identification.

At post offices having carrier delivery service, the postal regulations provide that service through general delivery be limited to transients such as traveling salesmen, tourists, or other who are not permanently located. Persons intending to remain for 30 days or mrre in a city having carrier service should arrange to receive their mail at a street address or through a post office lockbox. Change of address orders for mail to be forwarded from general delivery to a permanent local address are honored for a period of 6 months, unless the patron specifies a shorter period. Such orders for forwarding mail to other than a permanent local address are valid for just 30 days.

"The point we're most anxious to make," says Postmaster Hays "is that general delivery is a special service designed to fill a special kind of need. It is not intended as a substitute for carrier delivery or service through a post office box."

HOW MANY "MILE-YEARS" IN YOUR CAR?

Plymouth's built-in durability lets you spread the enjoyment of its lasting value over the entire span of its active life on the road. That's "mile-years." That's the beauty of the Solid Plymouth.

The miles you get out of your car are one measure of its value. The way your car stands up to those miles, and lets you enjoy them, is another.

Plymouth is built to deliver continuing enjoyment every mile of the way. That's why its unique one-piece *Unibody* is welded 5400 times for solid strength.

Solid beauty to start with, *low-cost* upkeep to live with, *lasting value* to trade with—that's Plymouth: good looking, economical, built to be proud of for a long, long time.

Yoemen Take Win Over Hearne

Yoemen Topple Hearne Eagles Tuesday, 51 - 42

Coach Jack Larimore's smile got broader and broader, as did the Yoemen scoring margin over the Hearne Eagles Tuesday night in Yoe High's gymnasium with Cameron ending up the victors of a 51 - 42 count.

The victory moved the Yoemen up a notch in district ratings, tieing them with Hearne for third place. Both have identical 2-5 won - lost records.

Six foot, four inch, Jimmy McClaren paved the way to victory for the Yoe with a total of 16 points, 6 field goals and 4 charity tosses.

Ed Lierman with 14 points, David Barkemeyer's 10, and Pat Dillon's 9 rounded off the Yoemen's high point men.

Holding a 14 - 11 first quarter lead, and then moving ahead to a 25 - 20 halftime lead kept roundball fans on the edge of their seats as Cameron tallied 11 times in the third period and held the Eagles to the same amount.

An Eagle rally headed by Billy Hall-s 6 last period points, threatened to disrupt the Yoemen. Tempers held, as did a tight Yoe defence and despite last second foul calls, Cameron had and kept the game in the bag.

Hall, with 14 points was Eagle high point man. Grady Russell got 12 and Howard White 9.

The scene wasn't as bright in the nights B team action that saw Cameron fall, 46 - 38.

Disposing of a 15 - 12 first quarter lead by the Yoemen, the Eagles came back with 16 points in the second quarter and held Cameron to 11. The locals outscored their opponents in the third period, 5 to 4, only to fall back in the hole in the last frame.

Gary O'Neil tallied 14 times, Robert Neff 9, and Archer Hoyt 8 for the victors.

Tom Moody donated 12 points for the Yoemen, to the losing cause, while Dan Brashear got 10 and Merlin Lester 8.

Falstaff Beer In Lead For Bowlers In Sunshine League

Falstaff continued to lead the Sunshine League with their record of 60 wins and 24 losses. Trailing by ten games is the Citizens National Bank team.

Irene Mees, the top average bowler, had the high series of the night with a 466. Frieda Anderle was second with 455 and a 454 gave Ann Hollas third place. Mrs. Anderle had the top game with 178. Mrs. Mees had the second with a 171 pinfall and Mrs. Hollas had a 165 to take third.

Coca Cola rolled both the high team game and series with a 699 and 1986 total. New Cameron Drug had the second high series with a 1925 and the third high game with a 671. Western Auto had the second high single game with a 687 and Falstaff had the third high series.

Irene Mees retained her average of 149 to keep in the number one spot. In second is Evelyn Burke and third is Frances Villines.

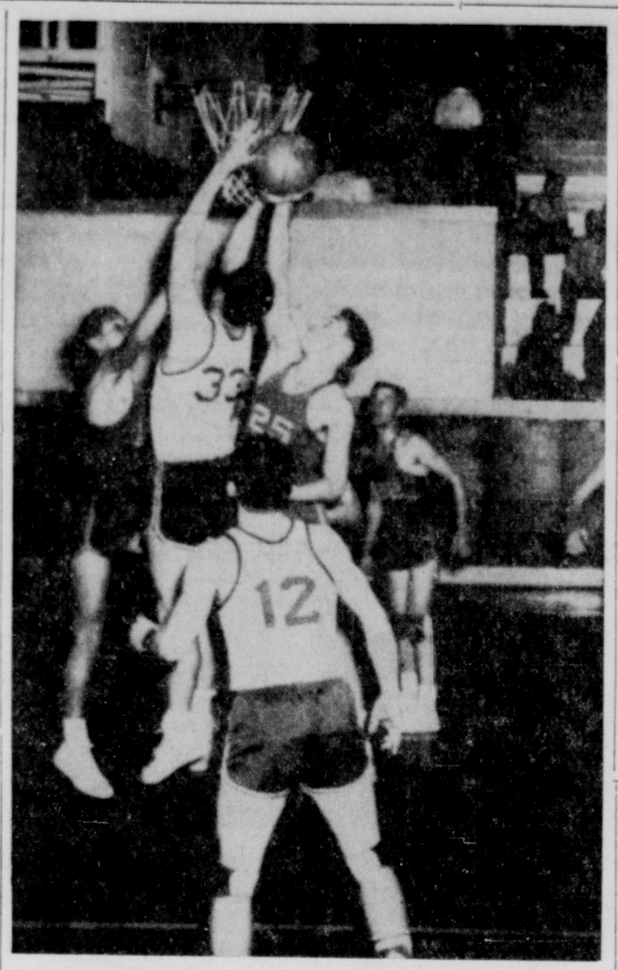
Childress Insurance Take Top Lead In Tri-City Bowling

Childress Insurance and Real Estate has regained the top position in the Tri - City bowling League with their win over the leader last week, Citizens National Bank. By rolling the high team series of the night the Childress team took the Citizen's team three games to one.

Willie Mees had the top individual game with a 210 and was trailed by Thomas Gilliland with a 205 and Donald Thweatt with a 202.

Dr. Gus Evans had the top series with a 525 and was followed by Mees's 511 and Gilliland's 508.

Charles Hollas maintained his top average of 171 to lead the league. Next is Joe Humplik's 166 and Harlan Mees' and Gilliland's 161.



BASKETBALL ACTION — Cameron's Edward Lierman, 33, goes into the air to tip the ball in for two of his six points as teammate Jimmy Woodum looks on. Cameron had a two-point lead at halftime, but Rockdale came back to win it, 52 - 40. —Staffoto

New KP Officers Installed Recently

Deputy Grand Chancellor C. R. Allison recently installed Edwin Laywell, Rev. P. L. Caperton, Paul Laake and W. T. Gann as Officers of Milam Lodge No. 125 Kinghts of Pythias to serve the Lodge for its semi - annual term. Allen Dodson and W. H. Lucas were re - elected as Recording and Financial secretaries.

Officers and members are urged to attend the next meeting Monday to make plans for the official visit of W. G. Brumit of Dallas present Grand Chancellor of the Knights of Pythias of Texas and other Grand Lodge Officers on February 20.

Important business concerning the Lodge will be brought before the Lodge at this meeting, all members are urged to attend. Refreshments will be served. Meeting opens at 7:30 p. m.

Farm And Ranch Increase Lead In Maple League

Farm and Ranch Feed Store increased their first place lead in Maple league bowling action last week.

Swift Ice Cream, Falstaff Beer, and Alcoa are seperated from the league's number two spot by just one full game.

Leo Hollas rolled a 597 high series last week M. W. Brickey rolled 560, and Henry Schattle, 545. High team series was rolled by Farm and Ranch with 2,538. Swift Ice Cream rolled 2,526 and First National Bank was good for 2,367 series.

Hollas also rolled the high individual game, a 221. Henry Schattle rolled a 219 while Hollas tied Richard Morris for the third highest game of the week; both had 212's.

Swift Ice Cream rolled an 880, high team game. Farm and Ranch rolled 837, and Swift Ice Cream and Farm and Ranch tied with 844's.

Swift's Tom Morris holds the leagues highest individual average, 176. Leo Hollas of Farm and Ranch with 173, and Joe Humplik and Gene Goldfarb have 171 averages.

TEAM	W	L
Farm and Ranch	55	18

McDonald Plumbing, Lone Star Beer Continue Battle

McDonald Plumbing and Lone Star Beer continued their battle for first place in the Cam - Roc Bowling League last week.

Mondrik Minimax is in third position, 1½ games out of first; Farm and Ranch, 4½ games out is in fourth place.

Ida Michalka rolled the week's high series for an individual, a 532. Annette Mees rolled 504 and Marie Ann Laake rolled 471. Mondrik Minimax with 2,239 along with 7 Up and Rockdale Flower Shop had the highest team series.

Clara Biskup rolled a 201 high game. Ida Michalka threw a 188, and Annette Mees a 184. Minimax's 770 was the highest team game. 7 Up and Acme Sheet Metal had a 769 and 764.

Annette Mees maintained her league leading average, 156. Bennie Mayer is averaging 149 and Marie Laake and Milady Hollas have 148 averages.

TEAM	W	L

Mrs. Mary Radtke has returned from a two weeks visit with her children in Houston. While there, she attended the graduation exercises of her grandson, Billy Frank Radtke.

CAMERON HERALD VIEW ON SPORTS

— WITH ROBERT MANN —

Coach Jack Larimore's YHS Fighting Yoemen did some traveling last Tuesday night. All the way to a third place tie with Hearne in 19AA basketball standings.

In high spirits, following the game, Larimore, along with the rest of the Yoemen fans, clearly showed his satisfaction in the team's performance.

Two weeks ago Hearne topped Cameron 12 points in a "blow-up" last quarter of play which saw players fouling out of the game from both sides.

Hot - tempered Eagle turned the sport into a turmoil in the game's last quarter. Much to the pleasure of coaches and fans alike there was no show of dirty basketball or bad conduct in Tuesday night's tilt held on Cameron's home court.

Here's hoping that Cameron fans will continue their high outlook and good attitude throughout the rest of the scoool year as they have in the past.

Current district standings which include all games to date, including the Rockdale - Caldwell tilt Tuesday night read like this.

TEAM	W	L
Caldwell	6	1
Rockdale	6	1
Cameron	2	5
Hearne	2	5
A & M Cons.	1	5

VOS

With only a single court contest left to go, David Barkemeyer continues to pace the Yoe, scorewise.

Barkemeyer's 325 points are just 9 short of his last year's mark of 334. He is averaging 18.1 for 18 games.

Jimmy McClaren, a pleasant improvement for Coach Jack Larimore the latter half of basketball season is averaging 10.1 for 18 games and 186 points.

Bobby Griswold, who fouled out last week, is third with 136 points. Pat Dillon went over the century mark Tuesday night for a 102 total. Ed Lierman-s 14 Tuesday night points brought him up to 77. Earl Morgan has 16 and Jimmy Woodum, 11.

Billy Hawkes with 93 is pacing the B team. Tom Moody has 91 and Dan Brashear, 83.

Internal cork is a virus and is probably the most common of all sweetpotato diseases.

A good movie with a farming background. That's "Tomboy and the Champ" coming to the Milam Theatre in Cameron. Watch for it. We recommend it as family - type movie you will enjoy. WILSON MILL & ELEVATOR

Former Yoeman Signs With UH

HOUSTON — Four outstanding junior college football players, including a former Yoe High School gridder have enrolled at the University of Houston.

They are Dean Newby and Bill Van Osdel of Bakersfield, Calif., J. C., Byron Beaver of Cameron, J. C. in Lawton, Okla. and George Zarosky of Del Mar College in Corpus Christi.

Beaver, 6-1½ and 185 pounds and Newby, 5-10 and 171, opposed each other in the recent national junior college All - American Bowl in Alburquerque, N. M. Beaver quarterbacked the East All-Stars and Newby handled the West team.

A two - year letterman and a two - time All - America choice, Newby directed Bakersfield to a 9-1 season last fall, including a 50 - 28 win over Cerritos J. C. in the Potato Bowl.

Newby, 21, co - captained the West team, hit 11 of 22 passes for 210 yards and two touchdowns and ran for another in the West's 25 - 16 win over the East in the Albuquerque game. He is enrolled in the College of Business, majoring in real estate.

A two - year letterman, Beaver was also a first team selection in the Oklahoma Conference

The 20 - year - old graduate of Lawton, Okla., High School lettered 10 times in various high school sports, picking up three each in football, basketball and track, and one in baseball.

Fullback Van Osdel, a teammate of Newby's at Bakersfield, ran for 420 yeards last season and finished with a 6.5 rushing average. The 6-1, 190 pounder was a key player in Coach Ray Newman's winged - T offense that piled up more than 400 points while the defense limited opposition to less than 100.

No stranger to Newby and Van Osdel, Zarosky played against them in the 1959 Junior Rose Bowl, which was won by Bakersfield, 31 - 14. He is a 6-1, 195-pound end, who was national junior college lineman of the week last fall after Del Mar handed Ranger J. C. a 38 - 14 beating.

Zarosky was a two -year letter winner for Coach Fred Jacobs' team. The Vikings chalked up an 8-1-1 season in 1959 and recorded eight wins and a tie last season.

The 19 - year - old business major was an all - district high school end at Cameron for Coach Leo Jackson.

This quartet will join 30 varsity lettermen, 40 freshmen and several squadmen when Houston opens spring training. Coach Harold Lahar has tentatively set Feb. 13 for the opening spring practice.

All four of the newcomers were signed to University of Houston grant - in - aids by assistant football coach Jasper (Tex) Flanakin.

Caldwell Hornets Take Doubleheader From Yoemen Friday

The Caldwell Hornets swept a basketball doubleheader from the Yoemen last Friday night in Hornetville.

The Hornets were paced by Jim Mynor with 20 points. L. J. Hovorak got 14, Shatterwhite 7 and Matejowosky 7.

David Barkemeyer and Jimmy McClaren tallied 11 times each for the Yoemen. Ed Lierman and Pat Dillon got 4 points apiece.

Caldwell held a 12-19 halftime lead over the Yoemen. They came up with 21 second half scores and held the Yoemen to 11.

The scene was just as dismae in the nights B team game that ended up with Caldwell on top, 39-24.

Ahead all the way, the Hornets came across with 23 points in the first half and 16 in the second. The Yoe were held to 11 and 13.

Tracalek was the Hornets high point man with 12. Schigut got 10 and Langham 9. Billy Hawks garnered 8 for Cameron while Jimmy Woodum and Tom Moody got 6 apiece.

Texas Almanacs For '61 - '62 Available

The new Texas Almanac, 1961-1961, publichsed by The Dallas Morning News, has been intentionally delayed one year in order that the new 1960 census figures may be included. It includes final official population census figures for the state and its 254 counties, and all incorporated cities and towns, and all unincorporated plaes of more than 1,000 population. It also includes the 1960 summary figures on the census of agriculture and there are census figures on manufacturing, wholesale and retail trade and the service industries.

SCHOOL

Continued From Page 1

ing of new texts.

In other business the board approved a call for an annual school board election Saturday, April 1, in which three board posts are up for election. They are held by Board President Max Howard, Dr. Gus Evans, and Dr. S. H. Richardson. B. J. Matocha was named election judge.

Board members also voted an additional $84 for purchase of a fourth science mobile lab.

And Mrs. James Price was employed to succeed Mrs. Robert Nelson as superintendent's secretary.

Freedom and Independence . . .

Texas Withdraws From Union As Southern States Form Confedercy

BY ROBERT STONEDALE
Cameron Herald Correspondent

MONTGOMERY, Alabama - The people of Texas flung the gage of defiance in the face of the North this week and removed their State from threatened Yankee domination. Voting 167 to 7, the convention delegates meeting in Austin ignored Governor Sam Houston's pleas for patience and sent the cry of freedom and independence echoing from the Capitol rafters.

Even as the Convention established Texas' Independence, delegates from the other Southern States began to assemble in Montgomery, Alabama for the purpose of forming a central government. Yesterday morning the representatives of Alabama, Georgia, South Carolina, Louisiana, Florida and Mississippi met in the Hall of Representatives in the Alabama capitol building and organized as the provisional Congress of the Confederate States of America.

Chairman Robert Barnwell announced the news of Texas' secession and the cannon surrounding Montgomery's State House Square are still thundering in salute to the Lone Star State and her brave people.

Each State is represented in Montgomery by delegates equal in number to its representation in the former United States Congress.

Among the famous Southern leaders present are Messrs Howell Cobb and Alexander Stephens of Georgia; Duncan Kenner of Louisiana; J. Patton Anderson of Florida; William S. Barry of Mississippi; Robert W. Barnwell of Southen Carolina; and J. J. Hooper of Alabama. Cobb, formerly U. S. Secretary of the Treasury, has been named president of the Provisional Congress; Hooper is serving as secretary.

The caliber and statue of the body represents all that is noble and best in the Southern character. Most of the delegates have of the various States or in the Naional body. Delegate Alexander Stephens, who has represented Georgia during 16 sessions of the Federal Congress, spoke of his last night in the lobby of the Exchange Hotel.

"This Congress is more able and intelligent than any I have attended," the diminutive Stephens said as he attempted to smooth his perpetually ruffled hair. "They are courageous and capable, and I am convinced they fully represent the sentiment of our people for Independence."

In Austin this week, Governor Houston took every possible opportunity to block the secession move. His hand was forced last month by Texas civic leaders who signed a petition calling for assembly of the Legislature.

"If the Federal constitution has lost its power," Houston said in a speech to the Legislature last Monday, "there will be no Union from which to secede, for in the death of the constitution, the Union likewise perishes, and then comes civil war and the struggle for the uppermost.

"We have a past history in which courage, wisdom and patriotism have been united to found a Republic and a State. We must not take any precipitant action," he warned.

The Secession delegates did not heed the Governor, and instead proceeded to consider the motions for Secession. During one of the preliminary sessions the Honorable John McQueen representing the State of South Carolina addressed the delegates. He urged that Texas join the other Southern States now forming the Southern Confederacy, for the purpose, as he put it, "..... Of perpetuating the institutions of our ancestors and in order to transmit them untarnished to our posterity.'. Mr. McQueen's remarks were greeted with loud applause from the floor and the galleries and were soon carried to the ammmed lobbies of Bullock's Hotel, the Missouri House and the Avenue Hotel which are clogged with the press of legislators, civil officers and delegates to the convention. Four days ago the chairman, Judge O. M. Roberts of the Texas Supreme Court, called the Convention to vote on Secession and a hush seemed to steal over the city.

Governor Houston arrived in the hall just before the voting began and was escorted to the platform. The roll was then called.

The issue was never in doubt. Vote after vote was solemnly recorded in the affirmative. At each stout - voiced "Aye!" the galleries applauded widly. Seventy delegates thus voiced their approval of the re - establishment of Texas independence before Thomas P. Hughes of Williamson County uttered a loud and defiant "No!" The result was near chaos.

Spectators went wild. Boos and hisses filled the hall. Oaths and challanges to mortal combat were hurled at Hughes head. The sergeant - at - arms was almost mobbed when he tried to restore order. Judge Roberts was finally able to enforce relative quiet by a strong personal appeal, and the poll of the delegates continued.

The long list of 'ayes" went on until Delegate James W. Throckmorton of McKinney arose.

"Mr. President", he said, "In the presence of God and my Country, and unawed by the wild spirit of revolution around me, I vote no!"

Again noise and confusion filled the hall. Cries of , "Lynch him"! were heard from observers. Throckmorton, undaunted, rose again to address the chair. "Mr. President," he said, "when the rabble hiss, well may patriots tremble.',

Judge Roberts had to threaten to have the Rangers clear the hall before voting cound continue. The tally confirmed the overwhelming favorable vote for secession and its announcement was followed by a frenzy of cheering. An impomptu parade was led around the hall by George M. Flourney who was carrying a beautiful Lone Star flag. The spectators broke from the galleries and followed him in wild procession. When the news reached the streets, Austin erupted in deliroius shouting and indescriminate firing of shotguns and revolvers.

The continuing excitement serves to notify the Yankee fanatics that their meddling in the affiars of others has cost them more than two hundred thousand square miles of territory and secured the services of a powerful body of natural soldiers to the cause of the Southern States.

The ordinance of secession requires that the people of the State ratify the action of the convention, by statewide vote o be held February 23rd, but there is, of course, no doubt it will be overwhelmningly approved.

Governor Houston was dispirited as a result of the vote. The Honorable John Reagan, who has withdrawn from the Congress of the United States, called on Governor Houston yesterday morning to urge that he avoid throwing any manifest obstacle against the will of the people.

"The Governor was very much upset by the course of circumstances in the State," said Judge Reagan on his return to the Missouri House. 'Reagan,' he said to me, 'I was reared in the South and have received all of my honors from the South and I will not draw my sword against my own people, but secession is nothing but revolution.' "

Taking no notice of his discomfiture, the delegates labored on. Yesterday evening, Messrs Louis Wigfall, John H. Reagan, John Hemphill, T. N. Waul, John Gregg, W. S. Oldham and William B. Ochiltree, were named delegates to the convention of Southern States at Montgomery. They cannot arrive in time to take part in the early deliberations of the Confederate Congress but there is no doubt that Texas will join the new born Southern Republic.

Meanwhile, a Committee of Public Safety has been formed, with John C. Robertson as Chairman, The Committee has ben authorized to require Major - General David E. Twiggs, Commanding Officer of United States forces in Texas to surrender the various forts and posts in the State.

American History Month Proclaimed By Governor, DAR

The Sara McCalla chapter, DAR is co - operating with the National Society, Daughters of the American Revolution in sponsoring the observance of February as American History Month and Gov. Price Daniel has proclaimed this in Texas.

The purpose of American History Month is to better acquaint old and young Americans with the rich heritage which is full of heroism and greatness. To pay debt to the post and to undersand the obligations to the future, Americans must remember that freedom is not free, and that it came about through sacrifice preserverance, wisdom and great faith of our forefathers. If we are to preserve our freedom, we must understand our heritage and be inspired by it.

The Sara McCalla Chapter is promoting observance of February as American History Month by presenting an award to the outstanding history student of Yoe High School.

Local DAR Chapter Invited To Attend State Conference

Mrs. D. E. Currie, Regent of Sara McCalla chapter, Daughters of the American Revolution, has announced that an invitation has been received for chapter members to attend the Texas Society's Sixty - second State Conference which will be held in Dallas February 16 - 18, with the five Dallas chapters as hostesses at the Sheraton Hotel.

Co - hostesses with those chapters are the chapters of Division III in the cities of Bonham, Commerce, Denton, Gainesville, Garland, Gilmer, Greenville, Jefferson, Kilgore, Longview, Mt. Pleasant, Paris, Sherman, Texark - ana, Waxahachie and New Boston.

Mrs. H. T. Coulter of Rockdale, Mrs. A. J. Mondrik and Mrs. T. F. Criswell of Cameron will serve from the local chapter, and Mrs. D. E. Currie will make her Regent's report on the evening of Feb. 17, following the formal procession of chapter regents.

Texas Society's first State Conference was held in Dallas in 1899 with the Jane Douglas chapter as hostess. At that time, there were five chapters. Today there are 105 chapters with a membership over 8,500.

Many events are listed for those attending. Mrs. Ashmead White, President General of the National Society, will be the guest of honor and will address the Conference on opening night. Miss Helen Poe and Dan Smoot will be featured on other programs.

Mrs. J. F. McCroy Hosts DAR Meeting

The regular monthly meeting of the Sara McCalla Chapter, Daughters of the American Revolution met Thursday in the home of Mrs. J. F. McCrory with the Regent, Mrs. D. E. Currie presiding. Twelve members and six guests were present.

The meeting was called to order with the reading of the ritual and the Pledge of Allegiance to the Flag.

After a short business session, Mrs. Henry Hefley introduced 4 of the Good Citizen winners: Velma Cargill, Sharp; Betty Adamek, Thorndale, Verlene Cochran Cameron and Barbara Doss of Cameron. Three of these senior girls read essays "To What Avail If Freedom Fail" as the program contribution for the afternoon. Mrs. Graham Gillis read the essay of Della Jurca of Buckholts in her absence.

At the conclusion of the program each girl was presented with the DAR Good Citizen pins by the chapter in recognition of their outstanding qualities of dependability, service, leadership and patriotism.

After the hostess served an individual salad plate to those present, the meeting was adjourned.

Maysfield

MRS. CLAUDE SAMUEL HARGRAVE

McKinney, Hargrave Vows Read In Austin

The North Guadalupe Baptist Church in Austin was the scene for the Saturday wedding of Miss Jacquelyn Pearl McKinney and Claude Samuel Hargrave.

The bride is the daughter of Mr. and Mrs. Jack P. McKinney, Austin and the bridegroom is the son of Mr. and Mrs. Sam H. Hargrave of Austin. Grandparents of the bride are Mr. and Mrs. Hugh P. McKinney, Cameron.

The Rev. Windle M. Lee performed the double ring ceremony.

Mrs. Hargrave is a graduate of A. N. McCallum High School, Austin and is presently attending the University of Texas. Mr. Hargrave is a graduate of Wm. B. Travis High School in Austin and is a Senior Mechanical Engineering student at the University of Texas. He is a member of the American Society of Mechanical Engineers and is presently employed at an Austin service station.

The bride, given in marriage by her father, chose a formal wedding gown fashioned of white chantilly lace over blush pink taffeta. The basque bodice was cut with a small peter - pan collar edged with scallopes of lace patterns, as were the cuffs of the elbow length sleeves. Small covered buttons fastened the front bodice. A narrow sash of pink taffeta circling the waist tied in a soft bow. The full shirt of lace over taffeta fell to the back into a chapel train. The scalloped pattern of the lace was repeated at the hemline.

Her imported crown of tiny orange blossoms was attached to a tiered fingertip veil of silk illusion. She carried a cascade bouquet of white roses.

Mrs. Darrell R. Dumke of Austin was Matron of honor and Miss Peggy Sue Francis of Big Springs served as bridesmaids. They wore dresses of dusty pink satin with medium length sleeves and bell shaped shirts. The boat neckline fell to a V in the back. They carried heart - shaped bouquets of pink carnations.

Janice Cox, Austin, neice of the groom was the flowergirl and William H. Cox, Jr., of Austin, nephew of the groom was the ring bearer.

James H. Irby, Austin was bestman with R. Larry Ranney, Austin as groomsman. Ushers were Charles J. Moritz and Jimmy C. Elliot of Austin.

Following the ceremony, a reception was held at the home of the bride's parents. The couple will make their home at 1405A Edgecliff Terrace, Austin.

Seven Cameronites Attend Dallas Show

The All - Texas Beauty Show was held Sunday, Monday and Tuesday at the Adolphus Hotel in Dallas.

The show featured new hair style trends and hair colorings. The main attraction was the Bunny Hug hair style.

Library Movement Rolling

Congratulations to the people of Cameron seeking to improve the status of the public library here.

The school, the city and the library board have taken action in the past week which points up the fact that a new library location is certain.

City councilmen voted to approve the east side of the city park on US 77 (E. 4th St.) for a library site.

And the school board voted to give the west wing of the former GI Building, now property of the school and present library location, to the city.

Their action was in response to a request from Mayor Coleman Duncum for the grant to the city "in case a better plan for the library does not work out." The mayor's statement suggests the likelihood of new construction for the library at the new location.

The Civic Garden Club has announced that they will apply for upto $250 in a Sears grant for beautification of the grounds. Members of the Cameron Delphian Club were at the School Board meeting and have been active in raising interest in Cameron's library needs.

And the Library Board met last week to start things rolling on establishing the needs of the library in terms of size, location and equipment. The library now has 2771 volumes at the present location.

This is truly a community movement that deserves the consideration of the people of Cameron.

The success of the project will depend on continuing community efforts to show interest in the need and future support for an improved Cameron Library, which could truly become the central library for the entire county.

Part II

Brazos Should Attract Industry

(Ed. note: This is the second of a two part series regarding the quality of the Brazos River water being conducted by the Brazos River Authority.)

John J. Vandertulip, chief engineer of the Texas Board of Water Engineers believes that Brazos River water can be produced in such quantity and quality as to be a major attraction of industry into the Brazos Valley.

In a recent report to the Brazos River Authority regarding the authority's quality of water study of the Brazos River, Vandertulip gave some definite recommendations by which the quality of waters can be determined at locations stretching from Richmond near the mouth of the Brazos to the salt flat areas of west Texas.

Judicial uses of tributary waters and inflow waters of the Brazos watershed to dilute the salt polluted upstream waters can produce good quality water throughout most of the Brazos Valley, the report indicated.

Vandertulip said, however, that additional data regarding the quality of both the Brazos River waters and tributary waters are needed. **He suggested an investigative** type program which would produce this data at numerous locations up and down the stream.

Vandertulip suggested the following program:

1. A continuation of the sampling program currently in operation.

2. Initiate an investigative type sampling program at the following existing streamflow measuring stations:

a. Yegua Creek near Somerville.

b. Lampasas River at Youngsport.

c. Brazos River near Bryan

3. Establish streamflow measuring stations and obtain daily water samples at the following sites:

a. Brazos River at South Bend Dam Site

b. Clear Ford of the Brazos River at Eliasville.

4. Initiate a systematic miscellaneous sampling program to obtain samples monthly or at regular visits at:

a. Palo Pinto Creek near Santo

b. Paluxy Creek at Glen Rose

c. Nolands River at Blum

d. Aquilla Creek near Aquilla

e. North Bosque River near Clifton

f. Middle Bosque River near McGregor

g. San Gabriel River at Georgetown.

5. Initiate a sampling program at the following reservoirs:

a. Lake Waco

b. Proctor Reservoir

c. Belton Reservoir

d. Whitney River Reservoir

In the latter reservoirs, Vandertulip recommended that samples should be taken at three month intervals from the lake and daily samples from the releases at the lake.

Vandertulip also suggested that the quality of water study program be restudied from time to time to determine if sufficient date had been collected to one point and then move this collection station to another spot on the river where additional information could be gathered.

$2,209,219,000 Total '60 Income For Farmers

The 1960 eatimated cash income to Texas farmers and ranchers amounted to $2,209,219,000 the third straight year in which total income was well in excess of the two billion dollar level.

At the same time, 1960's total income was down 3.2 per cent from 1959, which came out at $2,300,906,000.

Income in 1960 from all crops amounted to $1.2 billion, while income from livestock was a little over $1 billion. This represented an increase in livestock receipts over the $895,216,000 realized in 1959. But it was not enough to offset the drop from $1,405,645,000 for all crops in 1959 down to $1,200,000,000 in 1960.

The increase in cash income for livestock was principally the result of a 24 per cent increase in cattle marketing in 1960 over 1959. Average prices for cattle were down about 16 per cent, but heavier marketings more than offset the drop in prices.

Shrinkage in farm cash income for crops was due largely to the drop in proceeds from cotton and cottonseed. Farmers received 15.9 per cent less for their smaller cotton crop in 1960. Farm cash income for cottonseed was 15.3 per cent less in 1960 than in 1959.

However, there was a spectacular increase in income for Texas wheat growers, which gained 27.6 per cent in 1960 over 1959. Income for wheat in 1960 was $135,475,000, compared with the 1959 income of $106,205,000. At the same time, income from sorghum grain dropped six per cent, from $207,479,000 in 1959 to $194,968,000 in 1960 a direct result of a huge over - supply of corn in other states which was a development of U. S. Department of Agriculture policies.

The Texas crop production index for 1960, compiled by the Texas Crop and Livestock reporting service, stood at 138. This was two points greater than 1959 and was equal to the 1958 level, which was the second greatest crop year in Texas history. The peak production year for Texas year the index, which includes 13 major crops, reached its all-time high of 145.

Best opinion is that, assuming normal weather conditions, the Texas crop output in 1961 will continue at least on a level with that of 1960. Livestock production is expected to show some increase over 1960 and this could develop some gain in total cash income. But, as elsewhere in the nation, Texas farmers and ranchers are caught in the severe cost - price squeeze which has severly diminished their net.

I Give You Texas

By Boyce House

Our speech has been made picturesque by phrases which had their origin in sports.

To baseball, we owe such expressions as "He made a hit"; "He knocked a home run."; "He muffed the ball"; "He has two strikes on him already"; "You've got your signals crossed"; "I'm pinch - hitting for the chairman, who couldn't be here"; "He's got a lot on the ball"; "we might try a squeeze play"; "You threw me a curve"; and "He's a foul ball."

To bowling we owe, "You made a ten - strike; to poker, "He's bluffing" and "I'll call you"; to boxing, "He came out swinging"; "He hits below the belt" and "He talks a good fight"; and to racing, "It's a long shot" and "That's the payoff."

Also to racing we may owe the expression, "A Garrison finish", the reference being to a jockey by that name who always closed with a rush. However, another version is that there was a fighter who, no matter how poorly he had fared in the rest of the bout, would swarm all over his opponent in the last round -- and the fans, forgetting the earlier rounds would boo and bellow when he didn't receive the decision.

—

Why?

When there is not a public road in the entire United States where a car can travel at a higher legal speed than 70 miles an hour, why do manufacturers make passenger automobiles that will do 100 miles an hour.

Why does a program chairman take 10 minutes to introduce a speaker "who needs no introduction."?

Why do American women spend billions on cosmetics, permanents and other beauty aids and treatments, then run around in public with their hair done up in curling pins?

To Tighten Axe Handle

You can tighten the handle on a loose axe head by soaking end of handle in oil for an hour. Handle and will swell. Then you can affix head tightly and permanently to it.

Representatives Down To Work

By Vern Sanford

AUSTIN — Organized, but in some quarters, highly disgruntled, the Texas House of Representatives is down to business.

Speaker James Turman did what comes naturally. He gave committee chairmanships, down the line, to those who supported him in his race for speaker. Key committees have a solid majority of Turman men.

Supporters of Turman's opponent, Rep. Wade Spilman of McAllen, are not happy with their assignments. Mostly experienced legislative hands, they can be expected to do some land mining along the path of the slim Turman majority.

Among chairmen of major house committees are these: Revenue and Taxation, Rep. Charles Ballman of Borger; Appropriations, Rep. James M. Cotten of Weatherford; State Affairs, Rep. Bill Hollowell of Grand Saline; Constitutional Amendments, Rep. Charles Sandahl Jr. of Austin; Education, Rep. Malcolm McGregor of El Paso; Agriculture, Rep. Grainger McIlhany of Wheeler; Livestock and Stock Raising, Rep. Steve Burgass of Nacogdoches; Insurance, Rep. Murray Watson Jr. of Mart; Congressional and Legislative Districts; Rep. C. W. Pearcy of Temple; Highways and roads, Rep. Alonzo Jamison of Denton; Judiciary, Rep. L. DeWitt Hale of Corpus Christi; Banks and Banking, Rep. Ben Lewis of Dallas and Game and Fisheries, Rep. D. Roy Harrington of Port Arthur.

Lt. Gov. Ben Ramsey of San Augustine had named his Senate Committees several weeks ago.

Sen. Wardlow Lane of Center heads the Senate's State Affairs Committee. It's a post he held four years ago for the 55th Legislature.

This is the committee that will consider new tax bills after they have passed the House. Money raising measures must originate in the House.

Appropriations, the other half of the money raising - money spending puzzle, will be handled in the Senate by the Finance Committee, headed by Sen Ray Roberts of McKinney.

Other Senate committee chairmen are: Sen. George Moffett of Chillicothe, Agriculture and Livestock; Sen. Robert W. Baker of Houston, Banking; Sen. Charles Herring of Austin, Claims; Sen. Louis Crump of San Saba, Constitutional Amendments; Sen. Crawford Martin of Hillsboro, Contingent Expenses; Sen. A. M. Aikin Jr. of Paris, Counties, Cities and Towns; Sen. Andy Rogers of Childress, Education; Sen. Culp Krueger of El Campo, Game and Fish; Sen. Bruce Reagan of Corpus Christi, Insurance; Sen. Preston Smith of Lubbock, Interstate Cooperation; Sen. Dorsey Hademan Sen. David Ratliff of Stamford, Labor and Management Relations; Sen. Abraham Kazen Jr. of Laredo, Legislative, Congressional and Judicial Districts.

TAX REFERENDUM PUSHED

Two bills have been introduced to allow voters t oexpress their tax likes and dislikes directly in a referendum at the April 4 senatorial election.

Rep. Wesley Roberts of Lamesa introduced a measure which would allow voters to make a choice between a sales tax, income tax or payroll tax. Rep. Henry Fletcher of Luling introduced a similar bill with the additional choice of selective sales taxes.

Meanwhile, these have been added to the money - raising measures introduced in the House:

A 2 per cent general sales tax, exempting groceries, school lunches, prescription drugs, farm machinery, seed and fertilizer, by Rep. John Allen of Longview. Estimated yield: $80,000,000 a year.

A revised formula for franchise taxes on interstate corporations, by Rep. Franklin Spears Jr. of San Antonio. Estimated yield: $10-000,000 a year.

A temporary (one - year) increase in the gas production tax from 7 to 10 per cent by Rep. George T. Hinson of Mineloa. Extimated yield $22,500,000.

Poage Reports On JFK's Speech

By Cong. W. R. Poage

On Monday the new President delivered his "state of the Union" message. It painted a far different picture from the picture given by the outgoing President who felt (sincerely I am sure) that all was well with our economy. President Kennedy recognizes that when six million people are out of work that they are suffering a real depression. He recognizes that when the majority of our farmers are spending more each year than they are taking in that they cannot continue to produce. He realizes that when our factories are shut down or working only half time that we need an economic shot in the arm and he has the courage to tell our people the facts. Only by recognizing the facts can we hope to improve conditions. There will be disagreement as to how we should proceed, but President Kennedy is determined to act. I applaud his vision and determination.

On (Jan. 31st) the House voted by a five vote majority to increase the membership of the Rules Committee. I had sought an acceptable compromise, but since none such was offered I voted for the change. I have not been able to see in this measure the basic "principle', which some people see. To me, it is but a matter of procedure. - Surely our procedures should all be directed toward a clear - cut decision on matters of far - reaching importance. I am happy to find that this action does not seem (as yet) to have engendered the deep ill feeling which I feared. Possibly, this was due to the fact that every Member felt so troubled about the matter that he could sympathize with his colleagues, even those who arrived at a different decision.

I feel sure that had it been possible to have decided the matter without outside presure, that we could have worked out a compromise, but when Members are challenged by folks at home to take definite positions before the vote it makes any kind of compromise very difficult, if not possible. This is one of the problems of representative democracy which we must work out. The public must always retain its right to express its views to its representatives. Possibly it should not demand commitments until all of the facts and detail proposals are in.

Agricultural Difference Between Russian, American Farmers Discussed

Dear editar:

I have been reading some newspaper articles lately about the Russian agricultural situation and I have discovered what the big difference is between a Russian Farmer and an American farmer.

To give you a little background on the matter, although I suppose you read the newspaper the same as I do, Mr. Khrushchev has been pretty hot under the collar lately because Russian farmers haven't been producing enough. Why in one area, despite the streamlined, advanced supervision by a bunch of experts telling the farmers how to plant, when the total production was added up at the end of the harvest season, it was found the area hadn't produced enough to feed itself, not to mention shipping anything off to Mr. Khrushchev in Moscow.

This came as a big blow to Mr. Khrushchev because he had been reading production reports from this area showing everything was booming and a bumper crop was being made.

Now right here is where the American farmer differs from the Russian farmer.

An American farmer, you ask him, just in a casual conversation, how much he made per acre on a given crop and he'll stretch it a little. It doesn't make any difference what secion of the country he's in, if you ask him how much corn for example he made, if he's a corn grower, it comes out a little better than it was. Or his apples, turned out a little better, or his wheat, or his cotton, or his rice or his calf crop or his layers, etc.

But this is only when he's talking off the record, for neighborhood consumption. Now when it comes to telling the government, he gets out his pencil and figures it down to the actual bone, with his sales slips in front of him, because exaggeration wouldn't lead anywhere except to extra income taxes.

Now the Russian farmer, he's just the opposite. Let a neighbor ask him how much corn he made, and he'll say, "Comrade, I ain't doing no good at all, my crop is lousky," but let the government ask him, and he's liable to stretch the figure upward, because he knows from experience in Russia it's the people's job to keep the government happy, not the other way around.

Russia is pretty good when it comes to shooting off satellites and spreading propaganda, but when it comes to farming, so far she seems to fall short. You can't propagandize a crop, it-s got to be plowed. I know, I've tried both methods.

Yours faithfully
J. A.

GET THE WHEELS WITH THE DODGE ON TOP

Do you prefer a compact car or a full-size car? No matter. We build them both. Compact Dodge Lancer, priced right down the line with Comet, Corvair and Falcon. Full-size Dodge Dart, priced model for model with Ford and Chevrolet. Compact and standard, both Dodges have features their major competition does not offer. A unitized, rust-proofed body. A superb ride: Torsion-Aire. And a new device called an alternator. It makes the battery last far longer than usual, because it charges even at idle. Compact or standard, see your Dodge Dealer. He's got the wheels with the Dodge on top.

Cards of Thanks

Words cannot express our appreciation to our many friends and neighbors and the good people of Cameron and other, for all the acts of kindness, food, love offerings, flowers and words of sympathy during the long illness and at the death of our dear loved one.

We want especially to thank Dr. Richardson, Hobert Pemperton, the nurses and sisters at St. Edwarsd Hospital and all the good people from the many churches who helped to set up at home and at the hospital.

May God Bless you.
The Family of J. M. Henson

Scope Has Many Advantages

Open sight shooting has many advocates. But many good bucks are missed because the hunter didn't have a scope sight on his gun when needed. This is expecially true of dusk shooting. It is then that a scope can tell you if the deer you see is a buck and just where to place a killing shot.

I. E. H.

THE STATE OF TEXAS
COUNTY OF MILAM

To All Banking Corporations, Associations, Or Individual Bankers in Milam County, Texas:

You will take notice that the Commissioners Court of Milam County, Texas, will, on the 13th day of February, 1961, at 10:00 o'clock A. M. at the Commissioners' Courtroom at the Courthouse in Cameron, Texas, select and enter into a contract with, a banking corporation, association or individual banker in Milam County, Texas, for the depositing of the public funds of such County in such bank or banks in accordance with the provisions of Articles 2544 et seq. Vernon's Annotated Texas Statues.

Any banking corporation, association or individual banker in such county desiring to be designated as county depository shall make and deliver to the County Judge an application applying for such funds and said application shall state the amount of paid up capital stock and permanent surplus of said bank and there shall be furnished with said application a statement showing the financial condition of said bank at the date of said application which shall be delivered to the County Judge on or before the first day of the term of the Commissioners Court at which the selection of the depositories is to be made. Said application shall also be accompanied by a certified check for not less than one - half of one per cent of the county's revenue for the preceding year as a guarantee of the good faith on the part of said bank, and that if said bank is accepted, as county depository, that is will enter into the bond hereinafter provided.

Don G. Humble
County Judge, Milam County, Texas. 43-4tc

Yoe FFA Exhibits Swine, Sheep In Ft. Worth Showing

The Cameron FFA chapter exhibited swine and sheep at the recent Ft. Worth Fat Stock Show.

Leo Rozner exhibited a 2nd and 3rd place Duroc Barrow and soid each plus prize money.

Louis Rozner exhibited a 4th place Duroc Barrow.

Larry Hillman exhibited two Rambouilett lambs and a 3rd and 5th place Yorkshire barrow. Larry will take his two Yorkshire barrows to the San Antonio Show.

Thomas Fisher exhibited a Southdown lamb and will take it to the Houston Show.

The FFA Poultry and Grass Judging team participated in Ft. Worth Saturday. The Poultry judging team was composed of Edmund Michalka, Gerlad Johnson, Steve Hubnik, Mervyn Johnson, Ernest Vogelsang, Larry Hillman and Thomas Fisher. Leo and Louis Rozner and Henry Tomasek Jr. were listed on the grass judging team.

Resort Bird Shooting Open Until March 31

AUSTIN — If you failed to get your quail during the open season on wild game birds, you still have an opportunity to get in plenty of shooting at numerous resort areas throughout the state according to Howard Dodgen, executive secretary of the Game and Fish Commission.

Under the law quail, pheasant and pen raised mallard ducks may be shot at these resorts until March 31.

Quite a few of these shooting resorts operate as clubs, others, however, take hunters on either a daily or a per bird basis. You can take your own dogs, or dogs and trainers are available at additional fees.

A list of the Texas shooting resorts and their addresses can be obtained from Joe Davidson, Box 661, Tyler, local representative of the Sporting Arms Institute.

Mr. and Mrs. Will Kuhn of Walkers Creek and Mrs. Jerry Blasienz of Calvert were guests of Mr. and Mrs. Walter Senkel the past Sunday.

Milam County's

Farm Scene

Cameron Stock Receipts

CAMERON — Cattle and calves totaled 360 compared with 130 last week. The receipts included 10 per cent cows and 80 per cent calves. Slaughter cattle and calves formed 40 per cent and Stockers and Feeders 60 per cent of the total run. Trading was moderately active and the demand fairly good. Slaughter classes as well as Stocker and Feeder classes offered sold fully steady with the last quoted sale.

Slaughter - Few Standard and Good 700 - 925 lb. steers cleared from $22.40 - 25.10. Utility cows cashed from $15.00 - 16.70; Canners and Cutters $11.00 - 15.00. Utility and Commercial bulls sold from $19.40 - 20.20; Cutters $17.80 - 18.10. Standard and Good 400 - 650 lb. calves and yearlings brought $22.40 - 26.40, mostly $23.10 - 25.50; Utility $20.00 - 22.90.

Stockers and Feeders: Few Good 600 - 725 lb. steers cleared from $23.10 - 23.80. Good and Choices 350 - 600 lb. steer calves sold from $24.00 - 26.50, mainly $24.50 - 26.10; Medium $22.40 - 24.50; Common $19.50 - 22.00; mainly $24.50 - 26.10; Medium, $22.40 - 23.50; Common $19.20 - 22.; Inferior $16.10 - 18.30. Good heifer calves of the same weight range cashed from $23.10 - 24.80; Medium $21.10 - 23.70; Common $19.00 - 21.30. Medium Stock cows ranged from $15.30 - 17.10; Common $12.10 - 14.00. Mixed weight and grade cow and calf pairs brought $134.00 - 193.00 per pair.

HOGS: Receipts totaled 170 compared with 130 last week. Barrows and gilts made up 90 per cent of the total run. Trading was active and the demand good. Barrows and Gilts sold steady to 50 cents lower in spots. Sows fully steady, while Feeder hogs ruled 50 cents higher in spots compared with last Thursday's prices.

U. S. No. 1-3, 200 - 240 lb. barrows and gilts cashed from $17.50-18.60; No. 3, 270 lbs. $17.10 - 17.50; No. 1-2, 170 - 200 lbs. $16.70 17.90. U. S. No. 1-3 350 - 650 lb. sows cleared from $14.60 - 16.20; Boars weighing up to 575 lbs. Good 100 - 120 lb. Feeder hogs brought $12.20 - 15.00.

Reportable Diseases

Reportable Diseases in Milam county for the week ending February 4, 1961 according to Dr. T. E. Crump, acting director of Milam County Health Department were 28 strep throat, 9 mumps, 1 pheumonitis and three chickenpox.

Most of the buyers of agricultural land in 1961 will purchase for either residence, investment, speculation, recreation or expansion.

Co. Agents Notes

Time For Planting Oats, Wheat Big Question Now

How About Planting Spring Oats and Wheat was the leading question asked the county agent last week. Basicly, oats and wheat are classed as cool season prants. Cool season plants will grow during the winter and are not killed by normal winter temperatures. Oats and wheat are normally planted during October in the Central Texas area. Fall planted oats and wheat develop a good root system, furnish livestock grazing and make higher grain yields than when spring planted.

Because of the well established root system of fall sown oats and wheat, the plant is more capable of responding to spring rains resulting in a heavier stool (root and plant base), resulting in a greater grain yield. Then too, the grain crop is made during April and May. The weather gets too hot for cool season plants starting in June. Therefore, plant development and grain production is higher when fall sown.

A number of our farmers and stockmen did not get their oats and wheat planted last fall. Moisture is good and usually with good soil moisture, freeze damage is not so great. Oats and wheat can be spring planted but the yields will not be as high as fall sown crops.

Add fertilizer at the rate of 30 lbs. of nitrogen and 30 to 40 lbs of phosphorous per acre at plant ing time to assure good growing conditions for the spring planted crops.

Annual 4-H Roundup Set For June 6-7

COLLEGE STATION — The annuarl Texas 4-H Club Roundup will be held at Texas A & M College on June 6 and 7. The big day will be the 7th when hundreds of young Texans will vie for honors in the 25 judging and demonstration contests.

The two high ranking teams or individuals from each Extension District are eligible to participate in the statewide contest scheduled for Roundup. The district winners will be selected in district elimination contests held prior to the state meeting.

The boys and girls who attend Roundup will be accompanied by either their county extension agent or agents or by adult leaders.

Many of the state winning teams and individuals later in the year will represent their state in national contests and will, therefore, have an opportunity to add further to their training and 4-H experience.

Program details are not yet available but will be announced well in advance of the June meeting, according to Extension Service officials.

"Community Fun in Sixty-One" is the theme for the annual Longhorn Recreation Laboratory, to be held February 19 - 25 at the Glen Rose Methodist Camp, Glen Rose.

12,000 Per Year . . .

Farm Count Down In Last 5 Years

In the five years from 1954 to 1959, the number of farms in Texas dropped from 292,947 to 227, 054 an average shrinkage of just under 13,000 per year.

These are the figures of the U. S. Agricultural Census, which also showed that at the same time the value of farm land and improvements in Texas increase sharply from $8,576,902,266 in 1954 to an estimated $12,428,587,993 in 1959.

The average value per farm jumped from $29,278 in 1954 to $48,-349 in 1959 and the average value per acre of farm land increased from $59.94 to $86.96. The average size of farms in Texas spread from 497.7 acres in 1954 to 629.5 acres in 1959.

The proligious increase in the value of Texas farms and in their size is amply demonstrated by a comparison with the census figures for 1940, just 20 years ago. In 1940 there were 418,002 farms in Texas, nearly twice as many as now exist, but their size and the value of their land and improvements was far less.

The area of the average farm in Texas in 1940 was 329.4 acres, or about half of the present average size. The average value per farm was $6,196 about one - eighth of the present average valuation and the average value per acre was $18.81. The total value of all farms in Texas in 1940 was figured at $2,589,978,936.

A by - product of this trend toward larger farms and commercial farming operations in Texas is a corresponding decline in the numbers of tenant farmers. In 1940 there were 204,462 tenant farm families in Texas. In 1960 the number of tenants had shrunk to 49,164 and no doubt there are even fewer tenants who will start the 1961 planting season.

The trend reflected by the census figures is attributed largely to the growth of cattle raising in areas of the state, notably in Central Texas and in East Texas. The old Blackland Belt of Central Texas, the historic cotton growing region of the station, has been given over more and more to feed and pasturage requirements for cattle raising. The same is true in East Texas, although the latest census figures indicate some decline in the cattle population of that area.

But the majority of counties in the balcklands showed an increase in cattle numbers, and the growth of cattle raising in that region is steadily on the rise.

Demonstrations Prove Value Of Soil Testing

COLLEGE STATION — A group of Cherokee county corn growers know that fertilizing according to soil test recommendations doesn't cost but pays. The farmers, cooperating with County Agricultural Agent Steve Lilly, conducted demonstrations last year on their farms to compare yields from plots fertilized according to soil test recommendations and from others where usual rates of fertilizer were used.

In a summary report, from Lilly to W. F. Bennett, extension soil chemist, the value of soil testing for determining fertilizer needs was definitely proven. From the plots which were fertilized according to the farmer's choice, an average of 48.7 bushels of corn an acre was harvested at a cost of $8.40 an acre for plant food. Corn fertilizer according to soil test recommendations produced at the rate of 63.4 bushels and fertilizer costs averaged $14.70 an acre.

By following the soil test recommendations the demonstrators produced an extra 4.7 bushels of corn from the additional $5.77 an acre spent for fertilizer above their usual rate of application.

With corn figured at $1.25 a bushel, Bennett said the extra corn meant an additional $18.38 an acre income. Since the soil test cost $2.00 and the extra fertilizer $5.77, they should be deducted, Bennett said. The result -- a nice profit of $12.61 an acre - -in favor of the soil test.

On a 20 - acre corn crop, the chemist pointed out, the use of soil test recommendations could significant sum in these days of mean an additional $250 profit, a the ever - tightening cost - price squeeze.

Dr. Titsworth Shows Barrows At Ft. Worth

FORT WORTH — Dr. R. M. Titsworth of Cameron has shown the champion and reserve champion of other breed barrows of the 1961 Southwestern Exposition and Fat Stock Show, held here Jan. 27 - Feb. 5.

Significance of the honor is underscored by the fact that 5,394 cattle, sheep and swine -- topping last year's total by 624 head -- were entered in this year's show. The entry list in all departments approached 10,000.

The 1962 Southwestern Exposition is scheduled for January 26 through February 4, President-Manager W. R. Watt has announced.

4-H Club Notes

By Pat. C. Garner
Ass't Milam County Agent

Chicks will be distributed to broiler growers 4 p. m. February 24th. Eighty five 4-H and FFA members will meet their sponsors and receive their chicks that day.

Nine weeks later, April 29, the growers will show their broilers at the annual County Broiler Show.

A banquet for all growers and sponsors will be held after the show, where awards will be presented.

Broilers will be judged and placed, ribbons will be awarded and a Grand Champion and Reserve Champion will be selected. Awards will be given for the best feed conversion and heaviest flock in both cockerals and pullets, and for the three high individuals in judging.

Further information about the Broiler Show may be obtained at the County Extension office.

Forage Sorghum Told As Major Texas Roughage

COLLEGE STATION — The forage sorghums, though not as economically important as the grain sorghums, are a major source of roughage for Texas livestock and dairy producers. Sorghum forage is produced in all farming areas of the state and in recent years, the total acreage has been slightly below 2 million. The annual production is near two million tons.

The forage sorghums produce roughage of excellent quality which may be stored as silage, bundles, hay or pellets. Cattle, sheep and horses make good use of these roughages when fed in combination with other feeds to produce meat, milk, wool and energy. Low-cost rations which produce high gains in the feedlot and utilizing sorghum forage have been developed.

Another and perhaps the most important use of forage sorghum is to provide a reserve supply of feed for winter maintenance and during drouths. When production is above average, the excess may be stored for later use.

In order that farmers and stockmen might have more information on these important roughage producers, J. R. Quinby and P. T. Marion, superintendents of Texas Agricultural Experiment Substations at Chillicothe and Spur, respectively, have authored, B - 965, "Production and Feeding of Forage Sorghum in Texas."

The well - known research workers have prepared a publication which should be of interest to all stockmen who have experienced difficulties in producing enough roughage for their needs. Major divisions of the publication include forage sorghum culture, harvesting and storing, disease and insects, varieties and hybrids, and feeding forage sorghum.

Copies of the publication are available from the Agricultural Information Office, College Station. Please order by number and title.

In The Service

Robert Jahn, son of Mr. and Mrs. Frank Jahn of Burlington, is now stationed at Ft. Knox, Kentucky. He flew a non - stop flight on a DC-7 to Ft. Knox from Ft. Hood where he had been stationed. He is attending mechanical school for 16 weeks. Robert received his basic training at Fort Hood.

WESTERN PACIFIC (FHTNC-- Benny L. Canady, stewardsman, USN, son of Mr. and Mrs. Ira Canady of 906 N. Nolan St., Cameron is serving aboard the ocean minesweeper USS Firm operating with the Seventh Fleet in the Western Pacific.

Thr Firm, a unit of the Pacific Fleet Mine Force, is conducting combined mine warfare exercise.

The minesweeper is scheduled to visit Guam, Manila, Hong-Kong and other ports in the Far East before returning to the States in July.

Milam 4-H Youths To Be In Houston Fat Stock Show

John R. Richter, of the Cameron 4-H Club, will exhibit 2 shorthorn steers in the Junior Division of the 1961 Houston Fat Stock Show, February 22 - March

Barbara and Patricia McClare of the Cameron 4-H Club will exhibit 6 fat steers and two shorthorn heifers in the Junior Division of the 1961 Houston Fat Stock Show.

David McClaren of the Cameron 4-H Club will also exhibit three fat steers in the Junior Division of the Fat Stock Show

New records have already been established for this year's show the 29th annual event.

Houston will have the largest steer show and the largest junior livestock show in the nation. also boasts the largest amount of premium monies paid anywhere more than $160,000 to livestock alone

On a national basis, it will also have the most teams in judging contests and will present the most trophies (over 300 trophies valued in excess of $7,000). Houston has long held the title of having the World's Largest Calf Scramble.

Don't Overfeed Hunting Dog

A lean dog makes a good hunter Don't feed your dog all his appite calls for, or he'll get sluggish and hunt poorly. Better for his ribs to show a little -- it's a sign he's in top shape.

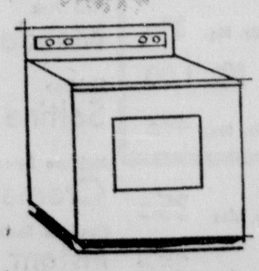
WHEN YOU USE A

Flameless ELECTRIC DRYER



Blue jeans are dried faster than busy little hands can build mud pies. And for the many scrub-up sessions there are always plenty of soft, good-smelling towels.

Mother's pretty cottons keep their bright hues because electric dryers care for fabric colors and texture. Because every day's a sunny one for clothes drying, the family doesn't need a big wardrobe, and that's a saving for Dad. He's mighty pleased too with the low cost of easy electric drying.

Ask your electric dealer to show you the big bonus for your family — a flameless electric clothes dryer!
